Infirmary Foundation
INFIRMARY HEALTH

Our Mission is LIFE

Infirmary Foundation is a qualified 501(c)(3) charitable organization whose role is to secure, receive and administer philanthropic resources on behalf of and to benefit Mobile Infirmary and Infirmary Health System. The Foundation seeks to inspire the community to engage in a charitable investment to preserve Mobile Infirmary's tradition of caring, to fuel innovation and medical excellence, and to make possible facilities, programs and services to better serve our patients' healthcare needs.

Our mission is LIFE. We accomplish our mission through executing our values of leadership, integrity, family, and excellent service every day, working in partnership with hospital leaders, and supporting the medical professionals who treat our patients. We work closely with community partners and our donors to ensure Mobile Infirmary is the FIRST CHOICE in healthcare in our region.

Infirmary Foundation is governed by its Board of Directors which is comprised of committed volunteers from across the community who understand the importance of maintaining the strongest healthcare system in our region.

INFIRMARY FOUNDATION BOARD OF DIRECTORS

Mr. John T. Arendall, III	Mrs. Vaughan I. Morrisette
Mr. James C. Bledsoe	Mr. Patrick T. Murphy, Jr.
Dr. Gerhard A. W. Boehm	Mr. D. Mark Nix

The FOUNDATION *in Focus*

Over the last 40 years, Infirmiry Foundation has remained steadfast in its commitment to building a healthier community for Mobile and the broader region. Through our efforts, we support the important mission of Mobile Infirmiry and Infirmiry Health System—ensuring individuals and families have access to exceptional care, advanced technology, and compassionate service.

Our work is made possible by generous donors like you. Through special events, community fundraising campaigns, and partnerships, we've been able to make lasting impacts across our health system, including cutting edge medical equipment, educational opportunities for our physicians and staff, brick-and-mortar enhancements, and health programs that extend into the community.

Each year, we are heartened by the support we receive from our patients and their families, from our dedicated physicians and staff, and from generous members of our community. Your involvement plays a vital role in helping us continue this meaningful work. To date, with your support, our contributions have exceeded \$40 million invested directly into improving lives.

Still, there is more to do.

We are undertaking transformative projects that will redefine the way we deliver healthcare. These initiatives will ensure that we are not only meeting today's needs, but are fully prepared for the challenges and opportunities ahead. That's why we personally invite you to be a part of what comes next. Every contribution, large or small, has the power to shape the future of healthcare in Mobile and beyond.

Thank you for standing with us—and for continuing to believe in the power of community.

TRANSFORM *A Year of Growth*

How Mobile Infirmary's Residency Program is Transforming Healthcare in Our Community

In just one year, the Internal Medicine Residency Program at Mobile Infirmary has made a profound impact—not only within the hospital walls but across our Gulf Coast community. With a mission rooted in innovation, compassion, and clinical excellence, the program is already reshaping the future of local healthcare.

Launched in 2024, the residency program welcomed its inaugural class of dedicated physicians-in-training. This July, that momentum continues with the addition of 35 new internal medicine residents, marking a bold step toward expanding access to care across our region.

These young doctors are increasing access to care within Mobile Infirmary and at the continuity clinic on Springhill Avenue. Providing primary and outpatient care to the community, they are helping alleviate the physician shortage that's been felt for years across Alabama.

But the transformation doesn't stop there. Later this year, Mobile Infirmary anticipates receiving accreditation for a surgical residency program, which will train four new surgical residents annually. This growth marks a milestone for surgical education in the region and will ultimately ensure that more patients can receive timely, high-quality surgical care close to home.

These residency programs are more than just educational opportunities—they're a long-term investment in community wellness. They attract top medical talent and will increase the number of skilled physicians in the area.

Over time, this means stronger care networks, shorter wait times, and better health outcomes for patients from all walks of life.

The future of healthcare in our community is being built today—one resident, one patient, and one partnership at a time. Mobile Infirmary is leading that charge with purpose and heart. If you would like to invest in the residency programs at Mobile Infirmary, scan the QR code or contact us at foundationevents@infirmaryhealth.org.

GROWTH & DEVELOPMENT

A Place of Comfort and Excellence: The Birth Center at Mobile Infirmary

Welcoming a new life into the world is one of the most profound experiences a family can share. At Mobile Infirmary, it's met with unmatched care, compassion, and clinical excellence. The Birth Center has become a trusted destination for mothers and families across the Gulf Coast, offering a blend of advanced capabilities, supportive services, and nationally recognized quality.

What sets the Birth Center apart is its unwavering commitment to comprehensive, family-centered maternity care. At the heart of this commitment is the **Level II Special Care Nursery**, which provides specialized support for newborns who need advanced monitoring or treatment. Staffed with experienced neonatologists and neonatal nurses, this nursery ensures babies born prematurely or with complications have the best possible start in life.

The Birth Center at Mobile Infirmary has been consistently honored with some of the highest distinctions in maternity services, including:

- **Beacon Award for Excellence**, a national recognition for exceptional patient care and outcomes.
- **Women's Choice Award for Women's Services**, reflecting high patient satisfaction and quality metrics that matter most to women and their families.
- **Blue Distinction Center + for Maternity Care**, awarded by Blue Cross Blue Shield for delivering quality maternity care with better outcomes and lower complication rates.

These accolades are more than just symbols of achievement—they represent the trust that thousands of families place in Mobile Infirmary every year. With spacious, private birthing suites, skilled OB-GYN teams, personalized birth experiences, and postpartum support, every detail is designed to promote comfort, safety, and peace of mind. With your support, Infirmary Foundation has funded these recent renovations to the Birth Center.

MEDICAL EXCELLENCE

Excellence in Every Second: Inside Mobile Infirmary's Comprehensive Stroke Program

When it comes to stroke care, every second counts—and at Mobile Infirmary, those seconds are met with precision, expertise, and compassion. As one of only two hospitals in Alabama to earn The Joint Commission's Gold Seal of Approval for Comprehensive Stroke Center Accreditation, Mobile Infirmary stands as a beacon of hope for patients across the Gulf Coast.

Each year, the hospital treats hundreds of stroke patients through its Neuroscience Center of Excellence, offering immediate, around-the-clock emergency care. The program is equipped to handle both ischemic and hemorrhagic strokes, with advanced interventions such as intravenous thrombolysis (r-TPA) and mechanical thrombectomy. The latter is performed by highly trained neuro-interventionalists using state-of-the-art bi-plane imaging technology, which allows for greater precision and improved outcomes.

Behind the technology is a team of dedicated professionals—neurologists, neurosurgeons, interventional radiologists, stroke-certified nurses, and rehabilitation specialists—who work in seamless coordination to deliver comprehensive care from the moment a patient arrives. Their expertise ensures that patients not only survive strokes but also recover with the highest possible quality of life.

The program's accolades speak volumes. In addition to its Comprehensive Stroke Center designation, Mobile Infirmary has been recognized by the Alabama Department of Public Health as a Level I Stroke Center, the highest level of stroke care in the state. These honors reflect the hospital's commitment to clinical excellence, rapid response, and continuous improvement.

But perhaps the most powerful measure of success is the lives changed—patients who walk again, speak again, and return to their families because of the care they received when it mattered most.

GRACIOUS GIVING

Lifesaving Impact:

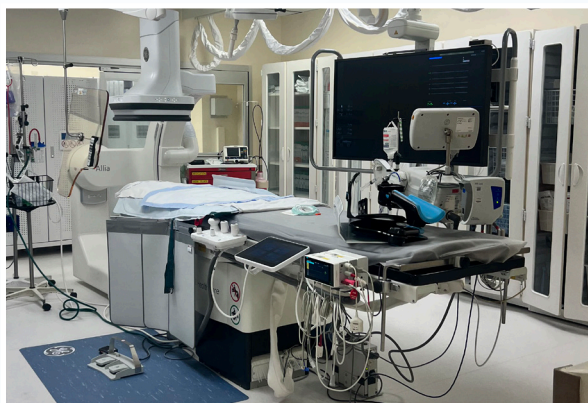

How the E. A. Roberts and Belle Roberts Trusts Have Helped Transform Healthcare in our Region

Last year, in a powerful act of community stewardship, the E. A. Roberts and Belle Roberts Trusts made a significant donation to Mobile Infirmiry that enabled a transformative upgrade to its Cardiac Catheterization (Cath) Lab and Interventional Radiology Labs. This gift is more than a financial contribution—it's an investment in the health and future of Mobile.

A Cath Lab is a specialized hospital suite where doctors diagnose and treat cardiovascular conditions using minimally invasive procedures. These labs are essential for performing angioplasties, stent placements, and other interventions that restore blood flow to the heart. With heart disease remaining the leading cause of death in the U.S.—claiming over 850,000 lives annually—Cath Labs are frontline defenders in the battle against cardiovascular disease.

Thanks to this gift, Mobile Infirmiry has acquired a cutting-edge imaging system designed to enhance precision and safety in cardiac procedures. It uses artificial intelligence to automatically optimize image quality and radiation dose in real time, allowing clinicians to focus entirely

on patient care. This means faster procedures, clearer images, and better outcomes for patients experiencing heart attacks, arrhythmias, or blocked arteries.

Interventional Radiology (IR) is a medical specialty that uses image guidance—like X-rays, CT scans, or ultrasound—to perform minimally invasive procedures. From treating tumors and aneurysms to opening blocked blood vessels, IR offers targeted treatments with less pain, shorter recovery times, and fewer complications than traditional surgery.

The donation has also funded the installation of a state-of-the-art platform that elevates our previous IR capabilities. The new system allows physicians to perform complex vascular and cardiac procedures with exceptional clarity and efficiency. Its intuitive interface reduces procedure time and enhances safety, especially for high-risk patients.

This upgrade isn't just about new machines—it's about lives saved, families kept whole, and a healthier Mobile. With cardiovascular disease projected to affect 45 million Americans by 2050, access to advanced diagnostics and treatments is more critical than ever. The Roberts Trusts' donation ensures that Mobile Infirmiry remains at the forefront of medical innovation, delivering world-class care close to home.

INSPIRE & ENGAGE

A Healthier Tomorrow: Campaigns That Will Transform Care at Mobile Infirmary

I. Extending Care with Compassion: Quality care should know no zip code. That's why Mobile Infirmary is partnering with Jackson Medical Center to launch a new prenatal care satellite clinic in Jackson, AL. The clinic will bring maternal health services closer to home for women in this rural community—reducing travel burdens, increasing access to early screenings and education, and supporting healthier pregnancies and births.

- **Why your support matters:** This clinic represents a commitment to mothers and babies in rural Southwest Alabama. Your generosity can help break down barriers to care and give every child the healthiest possible start.

2. State-of-the-Art Renovation Paves the Way for the Hospital of the Future: The newly renovated 5W unit at Mobile Infirmary is the first step toward Mobile Infirmary's vision to enhance both patient comfort and clinical efficiency using cutting-edge technology that includes:

- **MyChart Tablets:** Patients can communicate directly with their care team through secure messaging embedded in their electronic medical records. This empowers individuals to ask questions, request assistance, and stay informed about their treatment plans.

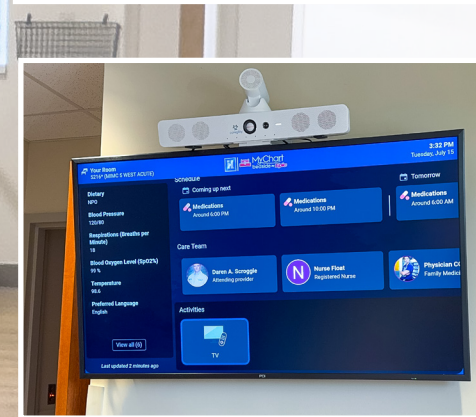

- **Smart Call Light System:** A new system allows patients to make specific requests—like asking for water or assistance—which are sent directly to nursing assistants' hospital-approved phones, streamlining response times and reducing wait periods.

- **Vital Sign Monitors:** Thirty wall-mounted monitors automatically transfer patient vitals to their charts, minimizing manual entry and ensuring real-time updates for clinicians.

These upgrades are designed to not only improve clinical outcomes but also foster a more collaborative relationship between patients, families, and healthcare providers.

Mobile Infirmary's vision for the future is rooted in precision, personalization, and accessibility. The hospital of the future isn't just about sleek technology—it's about empowering patients, streamlining workflows, and extending care beyond hospital walls.

- **Why your support matters:** Mobile Infirmary seeks to expand these innovations across other units, which will require donations to this effort. Mobile Infirmary's vision is about more than a facelift—it's a glimpse into a future where technology meets compassion and where community is the cornerstone of progress.

You can donate to these campaigns by scanning the QR code.

At the heart of each campaign is one simple truth: when we invest in healthcare, we invest in people. These projects aren't just about infrastructure—they're about dignity, hope, and community resilience. And they can only thrive with your involvement.

SPECIAL EVENTS

BUNNY BOLT

The Bunny Bolt 5K raises money for local health and wellness programs. This family friendly event includes a 5K and 1-mile Fun Run. Thank you to the Title Sponsor, Gulf Distributing of Mobile.

40TH ANNIVERSARY CELEBRATION

Infirmiry Foundation held its 40th anniversary gala this year celebrating the Foundation's tradition of advancing healthcare in our community. We are grateful to all our sponsors but would like to recognize our Underwriter Sponsors, Ernest G. DeBakey Charitable Foundation and Labcorp, for their generous contributions to the success of the event.

INFIRMARY FOUNDATION GOLF TOURNAMENT

Infirmary Foundation's 36th annual golf tournament funds the expansion of high-quality healthcare services in our community. The tournament's Title Sponsor was Compass Group. Other major sponsors included Johnstone Adams, LLC, McDowell Knight, TruBridge, Vizient, Synergy Laboratories, Helmsing Leach, and Willis.

The night before, Mr. and Mrs. Elliot Maisel hosted guests to a pre-tournament party at their home, Palmetto Hall, in Springhill. Thanks to all who contributed to the success of this event.

INVESTING IN HEALTH

Through its giving societies, Infirmiry Foundation offers individuals a meaningful way to invest in the future of medicine, innovation, and compassionate care. These societies recognize donors who make annual contributions, helping to fund critical programs, services, and technology that elevate patient care.

WHY GIVING MATTERS

Healthcare systems rely on more than just insurance reimbursements and patient fees. Philanthropic support bridges the gap between what is and what could be—enabling hospitals to acquire cutting-edge equipment, expand services, and improve facilities. Every gift, no matter the size, contributes to a healthier, stronger community.

GIVING SOCIETY LEVELS

Grand Benefactor Grand Benefactors are major donors who give \$10,000 + in a calendar year. This commitment is impactful and critical for sustaining major growth and development at Mobile Infirmiry.

Benefactor Benefactors are donors who give \$5,000 to \$9,999 in a calendar year. Their generosity supports transformative initiatives at Mobile Infirmiry.

Leadership Giving Circle This level honors individuals who contribute \$1,500 to \$4,999, in a calendar year, reflecting leadership in philanthropy and a deep investment in the Foundation's goals.

Oak Hill Society With an annual gift of \$1,000-1,499, members of the Oak Hill Society demonstrate a strong commitment to advancing healthcare in the region.

Sustaining Membership Sustaining Members commit to recurring gifts that provide steady support for the Foundation's mission. Membership starts at \$10 per month for an individual or \$20 per month for a couple. Donors who give \$1,000 or more annually through

monthly contributions are recognized at their giving society levels.

Planned Giving For those who wish to leave a lasting legacy, planned giving offers a powerful way to support the Infirmiry Foundation through wills, trusts, or other estate plans. These gifts ensure that future generations benefit from the same high-quality care and innovation that donors value today.

To learn more about joining a giving society or explore planned giving options, contact the Foundation by calling us at 251-435-4447, or email us foundationevents@infirmiryhealth.org.

DOUBLE YOUR IMPACT:

Employer matching gift programs allow donors the opportunity to double or triple their contributions to Mobile Infirmiry. To see if your employer participates, or to learn more about employer matching gift programs, visit Infirmiry Foundation's Double Your Donation page or contact the Foundation at 251-435-4447.

THE FUTURE

The Next Generation

MOBILE INFIRMARY AMBASSADORS

Mobile Infirmary Ambassadors (MIA) are young professionals committed to ensuring Mobile and surrounding communities have access to the best healthcare in our region. The Ambassadors advocate for Mobile Infirmary and play a key role in our fundraising efforts. Foundation and hospital leadership keep them informed on initiatives that will impact healthcare in our community. We are excited to work with the next generation to build a healthy community.

EVENTS

Save the Date

Mahjong for Life - Sunday, September 21, 2025

A friendly competition for a great cause—to improve programs at Mobile Infirmar’s Neuroscience Center for Excellence.

Bunny Bolt 5K and I-Mile Fun Run - Saturday, April 4, 2026

A family friendly event that includes a 5K run, I-Mile Fun Run and Easter Egg Hunt on the campus of Mobile Infirmar. Proceeds support health and wellness initiatives in our community.

Infirmar Foundation Celebration of Philanthropy - Friday, April 10, 2026

The annual gala celebrates Mobile Infirmar’s tradition of excellence in healthcare. Proceeds allow the Foundation to invest in new equipment and capital improvements that improve patient care and would not be possible otherwise.

Celebrate Life Luncheon – TBD

The luncheon brings women together from across the community to support Women’s Health Initiatives at Mobile Infirmar.

LEGACY OF CARING

Get Involved – Volunteer

At Infirmar Foundation, every gift is more than a donation—it’s a lifeline of care, comfort, and innovation for our community. We invite you to **join the Mobile Infirmar Auxiliary** family today. Every day, dedicated volunteers provide care and support to patients and their families at Mobile Infirmar. The Auxiliary hosts fundraisers throughout the year to help Mobile Infirmar fulfill its mission, LIFE. Make an impact on your community by volunteering. **Call 251-435-2187** to get involved. We look forward to meeting you!

Infirmar Foundation staff is here to help

When you or your loved one is receiving care at Mobile Infirmar, know that a team member from the Foundation is here for you—ready to assist, answer questions, and offer heartfelt support.

If we can be of service, please reach out to us at foundationevents@infirmarhealth.org, or by calling 251-435-4447.

Together, we’re building a healthier future—one gift, one patient, one moment at a time.

Find us on Facebook and Instagram @infirmarfoundation

Our Mission is **LIFE**
