Infirmary Health System (IHS) is delighted that each of you has chosen us to be a clinical site in the development of your students. We here at IHS value each of you and will strive to maintain solid and productive partnerships. We appreciate your patience, understanding, and assistance as we strive to meet the complex requirements of the ever changing healthcare environment. We appreciate any feedback and recommendations based on your experiences at IHS facilities. Our first and foremost focus is the safety of our patients, staff, and community. We look forward to another eventful year of continued collaboration.

The following guide, ‘Clinical Placement Guidelines for Nursing Student’, will serve as a resource for placement of faculty, nursing students, and practicum students in IHS facilities. If you have any questions or concerns regarding any sections of this manual please contact your designated hospital Clinical Coordinator.

Roles/Responsibilities of School/University Placement Coordinator/Faculty to the Clinical Site

1. Request all placements by established deadlines to appropriate hospital Clinical Coordinator.
2. Provide hospital Clinical Coordinator with a required documentation at least 2 weeks prior to clinical start date:
   a. IHS Student Form (excel spreadsheet)
   b. ‘I heard’ form for all students and instructors every semester
   c. ‘Instructor compliance’ form for every instructor
   d. ‘EPIC/LifeCare Access’ request form to obtain EPIC/LifeCare access for students and instructors
   e. ‘Influenza Vaccination Verification’ form if student will be in the hospital during flu season
   f. Clinical form
   g. Clinical schedule
3. Verify that instructors and students have completed the required EPIC/LifeCare and Medication dispensing system education (instructors only) at least 2 weeks prior to clinical start date
4. Obtain instructor and nursing student ID badges and parking permits prior to clinical start date at the Employee Service Center or designated location
5. Ensure the return of instructor and student exit evaluations to appropriate hospital Clinical Coordinator

Faculty/Instructors of Student Clinical Rotation Groups

Prior to clinical the faculty instructor must:
1. Communicate with the Nurse Manager or team leader/charge nurse and provide: a. Clinical form b. Clinical schedule
2. Contact the unit Nurse Manager or team leader/charge nurse to participate in initial orientation to unit (new faculty) or to receive updates from the unit Nurse Manager (faculty who have previously led clinical experiences on the unit) including:
   a. Familiarizing self with changes/routines
   b. Spending time on the clinical unit with a staff RN (as needed)

Faculty/Instructors of Practicum Students who will be with Clinical Site Preceptors

1. Prior to the first clinical day of the quarter/semester, the same information above must be communicated to the unit manager or team leader/charge nurse. The student will then work with their assigned preceptor to plan hours of attendance and ways to meet required course objectives.
2. The faculty and/or student is responsible for submitting the completed contract (signed agreement between student and preceptor) to the designated hospital clinical coordinator
3. Faculty are expected to maintain communication with preceptor and Unit Nurse Manager/Team Leader/Charge Nurse throughout the quarter/semester

**Roles/Responsibilities of Unit Managers or Team Leaders/Charge Nurses at the Clinical Site**
1. Work with hospital Clinical Coordinator to establish the unit as a placement site and designate unit staff as preceptors, if needed, in accordance with the criteria outlined below: a. Preceptor has completed the preceptor education nursing program
2. Communicate with School/University Placement Coordinator when placements arranged or with School/University Faculty or Students
3. Will receive syllabus, objectives, and days/times on unit or clinical placement area from school/college of nursing faculty
4. Provide unit orientation to nursing instructors and/or students.
5. Communicate any instructor/student issues to hospital Clinical Coordinator

**Roles/Responsibilities of the hospital Clinical Coordinators**
1. Ensure a current Clinical Education Affiliation Agreement with the school/university is on file. Agreements must be current and in place prior to the first day of any clinical experience.
2. Obtain clinical education placements for nursing students by working with unit managers and the school/university placement coordinator.
3. Once placements/preceptors have been agreed upon, the clinical site coordinator will:
   a. Provide contact information for the unit manager, team leaders, and/or preceptor
   b. Obtain EPIC/LifeCare and Medication dispensing system access for faculty and/or students
4. Collect faculty and student evaluations of clinical site and provide feedback to unit managers on a quarterly/annual basis.
### Clinical Rotation Requirements

Clinical Rotation Request Form
Instructions and Example

Complete and EMAIL this form to the designated hospital Clinical Coordinator to request nursing clinical rotations in which the clinical instructor has complete responsibility for the student.

Form Instructions:
1. Fill in all blanks
2. An individual form is to be used with:
   a. Each request
   b. Each separate clinical group

Submission Deadline:
- Primary deadline is March 15 for the upcoming academic calendar year (Summer – Summer).
- Secondary deadline June 1 for August – December clinical placement dates, November 1 for January-April clinical placement dates, and March 15 for May-August clinical placement dates.

Infirmary Health System
Clinical Rotation Request

Each clinical instructor should complete the following information when requesting a clinical rotation at any Infirmary Health System facility, Mobile Infirmary, Infirmary Long Term Acute Care Hospital, Thomas Hospital, North Baldwin Infirmary or Oakwood (ONE FORM PER UNIT).

5. Sign and date

Submission Deadline:
• At least 2 weeks prior to the clinical start date

Omicell Rx Security End User

Position: X Nursing Instructor

Instructions: Please complete the top portion including: Last name, First name, E#, Unit and position. You’re N# is going to be identified as your primary access code for the Omnicell Rx system. You will also have a pre assigned P.I.N. The first time you access Omnicell Rx you must change your P.I.N. to something only you know.

Note: This P.I.N. is confidential. No one will be able to look it up for you.

Please read the statement below and sign at the bottom to verify that you have read and understand the following statement:

- I understand that my access code for Omnicell Rx system is my N# and in combination with my P.I.N. and/or fingerprint will be my electronic signature for all transactions in the system. It will be used to track all of my transactions in the system and will be permanently attached to those transactions with a time stamp and date. These records will be maintained and archived as per the policies of Infirmary Health system and/or the specific facility. Records will be available for inspection by the Drug Enforcement Administration (DEA) and the Department of Professional Regulation (DPR), as is presently done with my handwritten signature for controlled substance records.

I also understand that to maintain the integrity of my electronic signature, I must not give this password to any other individual.

If you were a practicum student please complete questions 6-9 and continue. If you were NOT a practicum student please skip to question 10.

6 My preceptor planned patient care assignments in consideration of my abilities and course objectives
7 My preceptor served as a positive role model
8 My preceptor had an up to date nursing knowledge base
9 My preceptor helped me to organize my nursing care activities and set priorities

10 Please identify by name, staff who you felt were positive role models. How were they positive role models?
   Nurse Judy Ransom was a great nurse who allowed me to perform various clinical skills.

11 Were there other activities on the unit that impacted your learning opportunities or experiences? Please describe.
   The ability to listen to nursing handoff reports was a great tool in learning about my patients.

12 Would you recommend the unit as a future learning site for students? Why or why not?
   I would definitely recommend this unit. All the nurses were great and very helpful.

Thank you for your time and thoughtful responses. Please submit completed form to hospital clinical coordinator.
Nursing instructors and students have access to the patient’s electronic medical record (EMR). Nursing students have view-only access of the patient’s charts. Practicum nursing students have the capability to document in the patient’s charts with preceptor co-sign.

Students are required to complete LIFECARE U education every semester. Nursing instructors can document vital signs, BGs, I&Os, and medications administered with nursing students. Nursing instructors will be required to complete LIFECARE U education every year.

All nursing instructors and students receive an email (example below) with a weblink to the iLearn website. Access to the LIFECARE U modules via iLearn is also available via the IHS nursing student website at http://www.infirmaryhealth.org/nursing-students. It is imperative that a correct and valid email address is submitted on the ‘IHS Student Information Form’ to receive an activation email.

Example Email
Re: User Account Created
Your user account has been created in iLearn - Infirmary Health’s IT Training Portal. You can log on here: https://ilearn.infirmaryhealth.org/gm/workplace-1.54.1
User ID: IH Student ID or Instructor ID Number
Password: XXXXXXXXX

Please refer to the LifeCare U Instructions for details regarding access to the LIFECARE U modules to be completed by (1) nursing students, (2) practicum nursing students, and (3) nursing instructors.

Once the LIFECARE U education modules have been completed, students will be able to access EPIC LIFECARE in the clinical environment. In order to login to EPIC LIFECARE, students must enter their user ID number (student nurse#) available on the back of their ID badges (sample below) and the default password. Nursing instructors must enter their nursing instructor number (NI#) as their user ID. User ID and password are lower-case sensitive. They will be prompted to change their password after entering the default password.
Nursing instructors have access to the Medication Dispensing System (MDS). New instructors must complete the MDS education modules on iLearn in order to obtain access in the clinical environment.

Nursing instructors can access the MDS education modules by selecting the iLearn activation email link and completing the required MDS education modules.

- Mobile Infirmary/LTACH – Omnicell
- Thomas Hospital – Omnicell

Please refer to the LifeCare U Instructions available at [http://www.infirmaryhealth.org/nursing-students](http://www.infirmaryhealth.org/nursing-students) for details regarding access to the MDS education modules.

All education requirements will be tracked by the designated hospital clinical coordinator. Failure to complete the required education modules can result in a delay and/or forfeiture of clinical dates.

For any questions or concerns regarding clinical placement guidelines, please contact your designated hospital clinical coordinator.
